

MRIWA Postgraduate Scholarships 2020/21

**Supporting exceptional candidates to pursue PhD
studies in any area of research relevant to the
minerals industry in Western Australia**

The Minerals Research Institute of Western Australia (MRIWA) is offering two scholarships in 2020/21 to support candidates pursuing a Doctoral Research (PhD) degree at any Western Australian university:

Odwyn Jones Scholarship

- Stipend value of no less than \$35,000 per annum
- \$5,000 annually to support research and related expenses
- Payable for up to 3 years in the first instance, with possibility of 6-month extension

MRIWA Research Scholarship for Women

- Stipend value of no less than \$35,000 per annum
- \$5,000 annually to support research and related expenses
- Payable for up to 3 years in the first instance, with possibility of 6-month extension

Applications will be considered in any field of study for projects aligned with MRIWA's current Research Priority Plan.
